

## DOJO PROGRAMS

*We are a Genbukan shop and member-students have an opportunity to study the full range of Genbukan martial art systems. At our dojo, Genbukan systems are divided into three broad categories: (1) “Core,” systems that build a foundation for one’s learning; (2) “Emerging Core,” base systems Honbu is still constructing; and (3) “Advanced,” systems that build on core competencies and teach advanced skills.*
